Re: Improve the level of safety at the intersection of County Road 12 and County Road 15

At its Regular Council Meeting held on August 2, 2022, Council discussed the importance of installing or putting into place better safety control measures at the intersection of County Road 12 and County Road 15 so as to decrease the number and frequency of vehicle accidents. Council Members further discussed and shared the opinion of many residents that this is a dangerous intersection and further measures should be taken such as adding larger stop signs and perhaps better lighting on County Road 15 so as to make this a safer intersection.

As a result of that discussion Council passed the following resolution:

R22-08-489

Moved by: Mayor Meloche

Seconded by: Councillor Verbeek

**That** Essex Council and Administration request the County of Essex perform a study/review of the intersection at County Road 12 and County Road 15 in the hopes of providing better safety controls and including at minimum the enlargement of stop signs on County Road 15 with perhaps better lighting.

Carried

I trust you will find this satisfactory. If you have any questions or comments please feel free to contact the undersigned.

Yours truly,

A handwritten signature in black ink, appearing to read "R. Auger", written in a cursive style.

Robert W. Auger, L.L.B.

Town Solicitor, Legal and Legislative Services/Clerk
