In the Group Drop down
DUO-2FA

Your **Windows User ID**
and **Windows Password,Token Code**
For example

Password: MyWindowsPW,728292

Click **OK**

The screenshot shows a Cisco AnyConnect login window titled "Cisco AnyConnect | vpn.essex.ca". It contains a yellow padlock icon and the text "Please enter your username and password." Below this are three input fields: "Group:" with a dropdown menu showing "DUO-2FA", "Username:" with the text "jbarron", and "Password:" with masked characters "*****". At the bottom are "OK" and "Cancel" buttons. Red arrows point from the text on the left to the "Group:" dropdown, the "Username:" field, and the "OK" button.

To disconnect from the network,
Right click on the AnyConnect Icon in
the taskbar and click **Disconnect**.
